COMMISSIONERS SEEK SOUTH COUNTY MEMBER FOR COUNTY ROADS ADVISORY COMMITTEE

The Tillamook County Board of Commissioners is seeking a new representative from south County for the County Roads Advisory Committee. The Committee makes recommendations to the Board of Commissioners regarding road policies in the various areas of the County. These policies include budget review and the development of work priorities.

The Committee generally consists of three members from each geographical area of the County: north, central and south for a total of nine members. The current committee membership needs a new member from south County, so persons from that area are especially encouraged to apply.

Applications are available at the Commissioners' office in the Tillamook County Courthouse, 201 Laurel Avenue, Tillamook, during business hours. Interested persons may also phone the office at 842-3403, (1-800-488-8280 Ext. 3303) to request an application. Applications will be accepted at the Commissioners' office until 5:00 p.m. on December 17th , but that deadline may be extended until a sufficient number of applications are received.
