Engineering Project Supervisor

RE: Public Information Meeting for the Sorenson Bridge
Replacement Project

On Monday, June 20, 2005 from 5pm to 7pm Tillamook County Public Works will hold a public information meeting at the Beaver Fire Hall related to the Sorenson Bridge replacement project. This bridge is located on Blaine Road at Milepost 2.34. This is the 4th bridge East of Beaver.

The project work includes use of the existing bridge as a detour bridge while the new bridge is being constructed adjacent to it on the upstream side during the Summer/Fall of 2006. As such Tillamook County anticipates no closures of the road.

At the meeting, there will be map displays of the planned bridge replacement. County staff and engineer design consultant will be on hand to answer questions.

This bridge replacement project is funded through grant funds from the Oregon Transportation Investment Act authorized by the Oregon Legislature.

The Beaver Fire Hall is located at 20055 Blaine Road next to the Nestucca Valley Middle School.
