

The Board of Commissioners office released the following road related information:

COMMISSIONERS' WEEKLY REPORT  
December 2, 2005

- - - - -

BRIDGES OPENED TO TRAFFIC

Killam Creek and Bewley Creek Bridges were recently opened to public traffic.

However Carter & Company, the construction contractor hired by the County, is still doing finishing work in the vicinity of both bridges. Due to weather conditions, final striping of both of these project roadways will likely occur when weather conditions get drier.
