

Road closure in Manzanita

July 25, the Board of Commissioners approved a request from the City of Manzanita to close County Road at its intersection with Manzanita Avenue and U.S. 101.

County Road is a county jurisdiction road within the city limits of Manzanita.

The County Road Department, City of Manzanita and the Oregon Department of Transportation staffs consider this intersection unsafe and the closure of County Road is considered appropriate. County Road Department staff and Jerry Taylor, city manager, presented related staff report details to the board. There were two letters from citizens supporting the proposal. No negative citizen input was received.

The City of Manzanita will install a barricade across the lower end of County Road in mid-August after providing signage telling affected users of the pending change.
