Original Monument: Fir post Mkd.
1/4S10 on N. and 1/4S15 on S. sides

Original Witness:

40" snag, N.54°30'W., 374Lks., Mkd. 1/4S10BT
6" willow, S.15°30'W., 121Lks., Mkd. 1/4S15BT

I found the original post lying upon the ground with visible marks "4S". Found 8" willow, S.15°30'W., 80ft. lying upon the ground with all marks rotted away. Found 40" snag, N.54°30'W., 246⁷/₈ ft. with all marks rotted away. An old fence lying upon the ground cornered at this post and runs in a southerly direction. The original post was in such a solid condition I put it back into the ground and built a mound of rock on the east side.

I marked 2 new BTs:

14" fir, N.61°30'E., 11¹/₂ft. Mkd. 1/4S10BT.
