December 12, 1969

NOTICE OF NEW BEARING TREE---- East 1/16th corner, Sections 25/36, T3S, R8W.

This 1/16th Corner, an iron pipe and brass cap dated 1966, and the stump of the Southwest Bearing tree are in good order and undisturbed. The Southeast Bearing tree has blown over and the stump is out of proper position.

On December 12, 1969, in company of Max Graves of Diamond Lumber Co., I made a new Bearing Tree:

Stump of a 36" snag fir, scribed into the sound pitch wood:

" E 1/16 BT 1842"

4" Square Aluminum tag, marked " E 1/16 25/36 1842"

This scribed face bears from the Corner, S 54° E, 13.6 feet.

W. A. Markham
