34	35
3	2 S. S. 10

I found old, much decayed post lying with its top leaning against a spruce root.

The top is squared with some axe marks showing. The rotted bottom extends 18-inches into the ground.

Old original blazes are in line to the east and west. By measurement Clear Creek is 14 chains east. The original record distance is 14.25 chains.
