

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

This corner was originally established by William Wright in 1882. His notes say that he ran West from the corner of Section 29, 30, 31, and 31. He only ran 45 chains and then terminated due to a "dense mass of undergrowth and the precipitous nature of the ground." He returned to his temporary corner and made it permanent by

"Setting post, 4ft. long, 6ins. diam., 12ins. in ground, mkd. $\frac{1}{2}$ S on N. face; from which an Alder, 10ins. diam., bears S.36°E., 25 lks., dist., mkd. $\frac{1}{2}$ S BT.
(ins?)

Spruce, 40 links diam., bears N.10°W., 37 links dist., mkd. $\frac{1}{2}$ S BT."

(Contract Survey)

Description of corner evidence found:

I could find no evidence of the original corner on its accessories. This area had been logged off around 15 years ago and all stumps cut at ground level on the North side. I did find a 3/4" iron pipe set by Dick Morris in 1963. He reset this corner by single proportionate measurement using protracted distances.

Description of monument and accessories I established to perpetuate the original location of this corner

I set a 2"x36" Iron pipe with a flared bottom and brasscap riveted to the top marked;

T.5S., R.10W.

$\frac{1}{2}$ - $\frac{S30}{S31}$

1971

O.L.S. 816

Per Manual instructions at a distance of 2640 feet West (solar observation) from the corner common to Sections 29,30,31, and 32.

I located the following BT's but did not scribe due to their size. I drove 3 spikes into their bases and marked an "X" just below their tags and red bands.

4" Hemlock S.23°E. 9² ft.

4" Hemlock N.22°E. 21³ ft.

3/4" pipe set by Morris bears S.76°-14'W. 371.39 feet.

Set this 28th day of September 1971
