

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

This corner was originally set by the G.L.O. in 1880 under contract No. 364. They set a 12"x6"x6" stone with no bearing trees.

Description of corner evidence found:

I found no evidence of the original corner. In 1895 the County Surveyor set a 12"x10"x5" stone and marked an 80" Fir snag N 80° W 12 links. I found a 15"x9"x3" stone in a stone mound at the called bearing and distance from an 80" snag. I can find no record of the method of remonumentation.

Description of monument and accessories established to perpetuate the original location of this corner

After consultation with the G.L.O., I disclaim this stone as a valid corner. At proportionate measurement, I set a 2 1/2" x 30" galvanized iron pipe with a brasscap riveted to the top marked:

from which:

- 40" Fir S 47° W 37.4 feet
mkd. "T 5 S R 9 W S 8 BT"
- 34" Fir S 64° E 23.5 feet
- 44" Hemlock N 89° W 59.1 feet
mkd. "T 5 S R 9 W S 5 BT"
- 37" Fir N 28° E 55.5 feet
mkd. "T 5 S R 9 W S 4 BT"
- 15"x9"x3" Stone (1895)
N 25° 03' 54" E. 200.68 feet

All bearing trees have been banded with red paint and attention signs and BT tags have been attached. All scribes have a 3/4" brass washer, with "LS 942 engraved on it, nailed in the face.
