CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment: Corner established by Samuel M. Snowden in 1857 under G.L.O. Contract No. 67. Snowden reports: "Set Quarter section post from which a hemlock 20 ins. diam. bears N 40° E 10 lks. dist. A hemlock 24 ins. diam. bears S 62° E 15 lks. dist." In 1915 Reitz, Storey, and Duffy, an engineering firm from Seattle, Washington, reports on County Survey F-19-25: "spruce limb, original stake well preserved, no original B.T.'s."

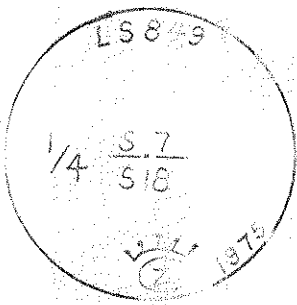

In Sept. 1956 John Carlich, L.S. 287, reports on County Survey A-667 that he found a 2 inch iron pipe and the original scribed spruce limb at this corner. At present I have not found any evidence as to who set the 2 inch iron pipe, but the finding of said pipe, and/or original scribed spruce post is also reported on county surveys B-472, B-155, A-540, And F-22-14.

Description of corner evidence found:

I found the 2 inch iron pipe reported by Carlich in Sept. 1956. I also found the top of the original spruce post lying along side of said pipe. Scribing is visible. From said iron pipe I found the following two bearing trees scribed by Carlich: 20 inch hemlock bears N 50° E 10.1 ft. to old scribed face. 26 " hemlock bears S 39° W 18.3 ft. to old scribed face on root collar. No trace of original bearing trees.

Description of monument and accessories I established to perpetuate the original location of this corner:

I removed the 2 inch iron pipe and in its place set flush a 2" X 36" concrete filled, galv. iron pipe with a 3 inch brass cap stamped as shown, from which I scribed two bearing trees:
 24 in. hem. bears N 54° W 25.5' to face scribed " 1/4S7BT".
 26 in. hem. bears S 68° E 34.2 ' to face scribed " 1/4S18BT ".
