Description of corner evidence found:

I found Collard's lead plug monument and his two new bearing trees as reported by him in February, 1961. I also found the original 24" Hemlock bearing tree, and the 90" Fir Bearing tree set by Coate's in 1922; from Collard's monument they bear as follows: 24" Hem. ( now 30" stump ) brs.
