

CERTIFIED RECORD OF LAND CORNER MONUMENTATION

History of original corner establishment:

Corner established in 1882 by W. P. Wright under G. L. J. Contract No. 442. For the corner Wright set a scribed Chittim post, from which he scribed two bearing trees: A Hemlock 20 ins. diam. bears N 80° E 29 lks. dist. A Hemlock 24 ins. diam. bears N 79° W 42 lks. dist.

In approx. 1915 C. A. Dunn reports finding this corner and the "old bearing trees", but Dunn reports said trees to be a 40 inch spruce and a 30 inch Hemlock. See County Survey records, Book P-16, Page 50.

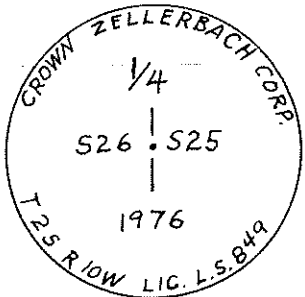

Description of corner evidence found:

I found both of the original bearing trees set by Wright in 1882, and reported by Dunn in Approx. 1915. The N.E. bearing tree is now a 20 inch rotten Hemlock stump with the top three letters of the original scribes visible. The N.W. bearing tree is a rotten 40 inch Spruce stump with the entire original face and scribes visible.

Description of monument and accessories I established to

perpetuate the original location of this corner: At record distances from the faces of the two original B. T's. I set a 2" X 36" Concrete filled, Galv. iron pipe with a 3 inch brass cap stamped as shown below. The original B. T's. bear as follows: 20" Hem. Stump brs. N 75° E 19.1 ft. to face. 40" Spruce stump brs. N 76° W 27.7 ft. to face. I scribed two new B. T's.: 16" Hem. brs. S50° E 27.8 ft. to face scribed " 1/4 S25BT ". 20" Hem. brs. N 52° W 50.6 ft. to face scribed " 1/4 S26BT ".

I, K. F. Foeste, hereby certify the above corner was restored as herein described in October, 1976.
