

Tillamook

County

T 3S, R 10W, W.M.

Corner Code No.

Segregated Surveys:

Name: CW 1/16 Sec.7, T3S., R10W., W.M.

Corner No.:

DLC, HES, Tract, Mining Claim, Indian Allotment, Federal Reserve, Townsite.

1. History of Corner Establishment and Subsequent Restoration:

In a survey of Sec.7, T.3S., R.10W., W.M. completed in February 1951, W. E. Anderson set a 4"x4" spruce limb for the southwest corner of the SE 1/4 NW 1/4, from which he marked two bearing trees: a 72" dia. spruce bears N88°E 42.5 ft., and a 48" hemlock bears N8°30'E 47.5 ft. In 1956 an unrecorded survey of section 7 was completed by Crown Zellerbach Corporation engineers. They found the 4 in. square spruce limb, and replaced it with a 1" galvanized iron pipe with 2" Babbit cap. The spruce limb was set next to the pipe and a yellow metal location poster affixed to it.

2. Description of Evidence Found:

I found a 4"x4" square spruce limb scribed "CS 1/16" with yellow metal location poster standing next to a 1" galvanized iron pipe and 2" Babbit cap in good condition. I also found both bearing trees. The 72" dia. spruce (N88°E 42.5 ft.) is now a badly decayed stump with no evidence of scribing. The 48" dia. hemlock (N8°30'E 47.5 ft.) is now a badly decayed stump with old face evident but scribing illegible.

3. Describe Monument, Accessories and Corollary Data to Perpetuate this Corner Location. Diagram corner and indicate meridian and reference to map of record. Surveyor's Field Book No. Page No. Date of work Mar. 21, 1979.

I left the 4" square spruce limb and 1" galvanized iron pipe intact as they were in good condition. I set two new bearing trees; a 7" dia. Douglas fir on the west edge of a logging road bears N82°W 29.4 ft. to face marked "CW 1/16 BT." A 10" dia. alder in a creek bottom bears S55°30'E 23.5 ft, bark scribed "CW 1/16 BT." I set yellow metal location posters on both bearing trees.
