S—7304

T. 4 S. R. 9 W. Willamette Mer.

(Make sketch of topography near Corner)

Metal Location Poster is on a Fir tree ____ inches diameter, on the South side of Marked Tree 16 ft. North from which this Corner bears South 42½ East ____ chains distant.

Give any further facts which will aid in finding this Corner again.

This corner will be covered by Mt. Idaho Lake. I witnessed it in as described on other side. Trees are marked but are not original.

Record for adjoining Surveys.

Corner accepted subject to survey when made.
