NEWS RELEASE

January 30th, 2013

FROM: Liane Welch, Director *Liane*
SUBJECT: Summer Work Schedule and Change of Hours of Operation

On March 11, 2013 Public Works employees will begin their traditional construction work schedule of 4 – 10 hour days Monday – Thursday 7:00 a.m. to 5:30 p.m.

Historically, the field and shop crews have worked 4 – 10 hour days during the construction season. We have found that it is more efficient to work longer days during this time, and money is saved by only having to mobilize the crews for four days instead of five. Please note changes might occur due to budget constraints and we might have to change the schedule to accommodate them.

Due to the 4 – 10 hour work schedule, Public Works will be closed on Fridays. Public Works will also be closed for the following holidays: Monday, May 27th, 2013; Thursday, July 4th, 2013 in observance of Independence Day; and Monday, September 2nd, 2013 for Labor Day.

If there are any questions, please call 503-842-3419.
